

LPLT Covid-19 School Risk Assessment

School name	LPGS			
Assessment carried out by (name/role)				
Date of assessment	Aug-21	Date of next scheduled review:		Dec-21

No.	The risk	Severity of risk (Low, Medium, High) <i>Select from drop down box</i>	Who is at risk?	What measures will be put in place to control this risk?	Severity of risk after control measures <i>Select from drop down box</i>	Who is responsible for implementing the measures?	By when is the measure to be actioned/in place?	Measures completed <i>Select from drop down box</i>
1	Transmission of Covid-19 within the school site.	Medium	Families, pupils, staff	Protective measures 1. Clear guidance given on symptoms and rules via comms, website and verbal reminders, including full briefing on new rules on first day back. 2. Procedures in place for isolating symptomatic people on site and sending them home 3. All staff, students and volunteers encouraged to do regular handwashing, with sufficient time to do this. 4. Isolation space allocated to be used only by people showing symptoms whilst they wait to go home. 5. PPE (visor, face mask, gloves, apron) to be worn by staff who need to be in close contact with a symptomatic child in order to assist them. All PPE is single-use and to be disposed of immediately after use. 6. Windows and doors to be kept open, where this does not affect thermal comfort. 7. All staff and secondary aged students encouraged to do twice weekly lateral flow tests and to isolate and immediately book a PCR test if positive. All those with a positive PCR test to isolate for 10 days. 8. Regular cleaning (twice a day) of frequently touched surfaces. 9. Close contacts identified by test and trace who are not exempt from the requirement to isolate (those who are aged over 18 years and 6 months and who are not fully vaccinated) should isolate for the required period.	Low	Head Teacher	01-Sep	
2								Yes
10	Heightened risk of for those in vulnerable groups, including those who are clinically extremely vulnerable.	Medium	Pupils and staff in the vulnerable groups	1. Staff and parents of CEV children (and those who live with somebody who is CEV) to be briefed and reassured regarding ongoing protective measures. 2. Line managers to carry out individual risk assessments where advised, including for those who are pregnant, to ensure that protective measures can be applied appropriately. Line managers to escalate if there are concerns that the required protective measures can not be applied appropriately. 3. Pupils to reminded of safety measures on a regular basis.	Low	Headteacher with support from LPLT Director of HR	September	Yes
