Grade 2, 3 or 4 at GCSE Mathematics.

Method of Assessment

Final Examination

Contact Names

Mr M Frost (Head of KS% Maths) mf@lpgs.bromley.sch.uk

Educational Progression and Career Opportunities

Many universities and employees require GCSE at Grade 4 or 5 as part of their entry requirements.

MATHEMATICS

AN AWARD IN NUMBER AND MEASURE

Award in Number and Measure (Edexcel)

Level of Study: Level 1

Description of Course

This course runs alongside GCSE when there is a need. It is aimed at students who are unlikely to achieve a grade 4 or 5 in GCSE Maths. The course will improve knowledge and understanding of concepts in number and measure. It will help to develop a proficiency and confidence in using Maths every day within other studies and in the workplace.

Skills Required

The foundation tier GCSE course should have been previously followed

Entry Requirements

A grade 1 or 2 at GCSE Maths

Method of Assessment

Final examination

Contact Names Ms. L. Hine (Head of Mathematics) LJH@lpgs.bromley.sch.uk

Educational Progression and Career Opportunities

Some students will use this course as a stepping stone to studying GCSE Maths again. Others will use it as qualification to show they have the basic numeracy skills needed for the workplace.
